

# Attestation

On the 27<sup>th</sup> of August 2025, Eurofins Product Testing A/S received a sample of an adhesive with the product name:

## Styccobond F73 Plus

supplied by

**F. Ball and Co. Ltd.**

The product was tested for VOC emissions according to the requirements of the French legislation (order of April 2011) concerning the labeling of construction products or coverings of walls or floors and paint and varnishes on their emissions of volatiles pollutants.

The sample was supplied as being representative of the manufactured product, and it has been tested in accordance with the relevant ISO 16000-3, ISO 16000-6, ISO 16000-9, and ISO 16000-11 testing standards (see test report no. 392-2025-00429301\_A\_EN).

Deviations from the referenced test methods were registered. (See section 4.4 in test report no. 392-2025-00429301\_A\_EN).

**In accordance with legislative requirements, the test results can be summarized as follows:**

The product was assigned a VOC emission class without taking into account the measurement uncertainty associated with the result. As specified in French Decree no. 2011-321 of March 23, 2011, correct assignment of the VOC emission class is the sole responsibility of the party responsible for distribution of the product in the French market.
